Dr. Maria Manus Painchaud has been a long time member of HRAGC and has been integral in assisting many HR professionals throughout New Hampshire and Northern Massachusetts in preparing and successfully passing the SHRM certification. Over the past 16 years, Dr. Painchaud's course participants have enjoyed a significantly higher pass rate than the national average. With the launch of new SHRM competency based certification in January 2015, the participant pass rates from Dr. Painchaud's course were in the 94% for SHRM-CP and 100% for SHRM-SCP; while not all the participants have taken their exam yet, the pass rate for the spring seminar Dr. Painchaud did for HRAGC is 100% for both SHRM-SCP and SHRM-CP. This is credited to the approach, additional content specifically developed in conjunction with the SHRM Learning System® and test taking techniques Maria shared with her participants. Her commitments to advancing the HR profession and preparing HR professionals to deal with the challenges of the 21st century are well documented.
